CHIMNEY JOINT BAND

These chimney joint bands have been tested for use with specific Hearth & Home Technologies fireplaces and is listed as a fireplace part. Refer to the installation instructions supplied with the fireplace for the correct accessories to be used. Check with your local building code agency before you begin your installation to ensure compliance with local codes, including the need for permits and follow-up inspections. If you encounter problems regarding code approvals, or if you wish clarification of any of the instructions contained here, contact your local distributor/dealer. For the location of your nearest dealer, please visit www.fireplaces.com.

ITEM	DESCRIPTION	QTY
1	Joint Band	1
2	Fastener Package	1

CAUTION:
Edges are sharp! Hand protection is recommended.

STEP BY STEP INSTALLATION

1. Open the joint band just enough to slip over the chimney section.
2. Snap-lock the pipe together.
3. Position the joint band so it overlaps each end of the chimney joint at approximately the same distance.
4. Hold in position and tighten the locking screws.
5. Allow the joint band to reform for a short time, then retighten the locking screws.
