Control your comfort

Intellifire App — All the features of a remote control with an app installed on your smart device. Monitor your fire from anywhere or even control it with the sound of your voice. IntelliFire is compatible with voice assistants Amazon Alexa and Google Assistant.

Touchscreen Remote — Features: on/off, flame height adjustment, fan speed, lights adjustment, thermostat mode, room temperature readout, child lock, timer mode, battery backup, cold climate mode, power vent, wall docking station (fan, lights and power vent are dependent on your fireplace).

Wireless Wall Switch — Features: on/off, battery strength indicator, cold climate mode.

Move heat where you want it

Passive Heat

Passive heat disperses heat naturally without moving parts, to allow TVs to be mounted above the fireplace without a mantel or shelf. Choose side, front or open wall register.

Side register

Front register

Open wall register
(opening 2" from ceiling)

Heat-Zone® Technology

Draw heat from your fireplace to another room in your home. Redirect up to 50% of the heat, while reducing wall temperatures above the fireplace.

Heat-Out® Technology

Draw heat from your fireplace and direct it outside. Redirect up to 40% of the heat while reducing wall temperatures above the fireplace.

Install virtually anywhere

Power Venting Technology

A fan-powered accessory with slim venting can zigzag throughout your home — up, down, over or under — making it possible to install a gas fireplace virtually anywhere.

IntelliFire Touch® Ignition System IntelliFire Touch is our most advanced intermittent-pilot ignition (IPI) system, making operating your appliance simple, smart and safe. Select from the IntelliFire app, touchscreen remote or wireless wall switch for the solution that fits your life.

Direct Vent Technology Direct vent gas inserts remove 100% of combustion exhaust and fumes to the outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean indoor air quality.

Our Sustainability Story Our history of leadership in the hearth industry compels us to now lead the way in developing manufacturing practices that ensure our planet remains as durable, beautiful and long-lasting as our products. Find out how we are leading the industry in sustainable practices by scanning the code.
