Chimney Cleaning, Inspection, Repair and Installation Services

Ensure Your Chimney is Safe and Efficient!

☰ Comprehensive Chimney Inspections

Identify potential issues or hazards of your chimney to optimize performance and safety.

🧹 Thorough Chimney Sweeping

Remove soot, creosote, and debris to improve heating efficiency and reduce the risk of chimney fires.

🔧 Chimney Repairs & Restoration

Extend your chimney's lifespan by fixing structural damage or replacing worn-out components.

🕒 Seasonal Maintenance

Inspections and cleanings to prepare your fireplace for seasonal use, ensuring safety and heating efficiency.

Fireplace Installations

Professional installation of gas, wood, and electric fireplaces, tailored to your preferences.

Electric Fireplace

No firewood, venting, or cleaning required. Enjoy an efficient heating solution with minimal maintenance.

Gas Fireplace

Precise heat control and heating efficiency with the ability to start/stop the fire with a remote or thermostat. Enjoy a real flame with a precise heating control.

Wood Fireplace

Traditional fireplace that offers substantial heat output, a beautiful aesthetic, and the classic smell of burning wood.
